

# Everyone's talking about Let's Pretend

## Everyone's talking about the Let's Pretend drama program

"Your program has really helped my daughter come out of her shell."

"Watching our son grow in confidence and enjoy something that required memorizing lines paid off big time."

"You inspired the kids and really brought out the best in each of them."

Grades K-5 \$198.00 per semester

In Let's Pretend after-school drama classes, students express their thoughts and feelings through creative channels while building artistic skills and developing a sense of what drama and theatre are. To explore the adventurous and imaginative world of drama, students will be encouraged to create imagined worlds by means of storytelling, pantomime and improvisation of characters and will be given instruction in all the basics of stage work including sensory awareness, characterization, concentration, improvisation, movement, diction and projection. All classes are one hour, once a week. At the end of the semester, students will perform a short play demonstrating the skills they've developed working with their director and peers.

"I want you to know that my daughter has great, great memories of Let's Pretend. I think it really changed her life and gave her huge confidence. It is a wonderful program and I would recommend it to anyone who asked!"

"You did an awesome job with the kids! It was hard to believe how much they accomplished in such a short time."

"I love my Let's Pretend class. The teacher is great and it's fun to be onstage!"
